JOHN 3:1-21 (P. 737)

Week of March 20, 2011

Message 1

Have you been “born again”?

## Read John 3:1-21

*In verses 1-3, Jesus tells Nicodemus that for anyone to see the kingdom of God, he must be born again. Jesus was playing off the Jewish tradition that for a Gentile to become a Jew the Gentile had to be “reborn” through a baptism and circumcision.*

What do you think was Jesus’ point in using that language to talk to Nicodemus?

*In this chapter, we find four reasons why a person needs to be born again. Each of the following sections demonstrates a problem with the “un-reborn” human condition. For each section identify the problem to identify the reason people need to be born again.*

Reason 1 (vv. 4-8)

What’s the problem with the human condition?

Reason 2 (vv. 9-13)

What’s the problem with the human condition?

Reason 3 (vv. 18)

What’s the problem with the human condition?

Reason 4 (vv. 19-21)

What’s the problem with the human condition?

Solution

For each of the following verses, describe how that verse contributes to the solution:

v. 8

vv. 14-15

vv. 16-17

vv. 21

How does a person become “born again”? What does it mean for you?
